

ENTERPRISE *for* YOUTH 50th

Fifty years ago, Glady Thacher founded Enterprise for Youth with the idea that **young people deserve to have pathways into the world of work**. Glady's vision has grown into a full series of programs that serve 500 youth annually by helping them explore their future.

"Because I am first generation, everything is new to my family and me. **Joining Enterprise was the best thing that I've done to expand my horizons.**"

–Mandera, intern at Supervisor Matt Haney's office at City Hall

"Making tech approachable is really important to us, especially when it comes to our city's youth. **Marlon was an amazing intern and Enterprise was crucial in providing wrap-around support.**"

–Jacquelyn Horton, Social Impact Manager, Dropbox, where Marlon was an intern
