

ENTERPRISE FOR YOUTH'S

CORPORATE VOLUNTEER OPPORTUNITIES

Enterprise for Youth offers companies the opportunity to volunteer as a team with high school-aged youth in support of our mission to empower under-resourced San Francisco youth to reach their potential. We offer several ways for employees to give back to young people in the community. Increasingly, we are seeking in-person engagement while also still offering volunteer opportunities over Zoom.

INTERVIEW ASSESSMENTS (MOCK INTERVIEWS)

- **Volunteer Needs:** # varies based on size of workshop group
- **Commitment:** 1-2 hours on a weekday afternoon at your office or a training site in SF
- **Description:** Conduct 1-on-1 mock interviews with youth with an assessment form for notes and feedback. At the conclusion, they'll write a self-reflection and you'll give them feedback on what went well and what could be improved for next time!

CAREER PANEL

Volunteers rotate through different breakout rooms of 5 - 10 youth, answering their questions about panelists' careers and professional journeys.
